 - 3. Every round hour will be a 2 minutes time to make your first acquaintance with all the participating partners.
- Ladies will sit in a circle and gentlemen will pass to meet them for a 2 minutes only so that the acquaintances can be made.
- After every 2 minutes you will hear the Moment Bar's bell ringing and you will need to move and to meet the next person in the meeting.
- At each short meeting, you will indicate the name of the partner or partners with whom you wish to continue the conversation later and you will forward it to our team. Our team will announce about the matching couples.

Remember, whenever the partner doesn't accept your offer, you are required to respect his answer
